TRIP CANCELLATION POLICY

Cancellation of a Space Coast Ski & Travel Club (SCS&TC) trip at a participant's discretion may result in cancellation fees to be paid by the cancelling participant. Cancellation of any SCS&TC trip within five months of trip departure date will result in a cancellation fee for each trip participant of \$75 plus any other travel, accommodation, or resort penalties that apply at the time of the cancellation. Some SCS&TC trips may have more restrictive cancellation provisions due to the use of charter aircraft, buses, or lodge policies. See the trip description for the amounts and critical dates. Moving your deposit from one trip or package to another does not preclude application of cancellation penalties which may apply to the first trip or package selected at the time of the move. Cancellations shall be made by notification in writing to the trip leader. Final decisions on refunds are to be made by the SCS&TC, Inc., Board of Directors. In the event that a SCS&TC trip is cancelled for any other reason beyond the control of the SCS&TC, Inc., trip participants are subject to a pro-rated sharing of Club costs incurred in cancellation. Trip cancellation insurance is available at a nominal cost. Contact the trip leader for further details. Refund amounts may be subject to credit card fees. **See website for additional policies regarding single travelers.**
